Green specifications

- Compliant to 2002/95/EC (RoHS)
- Lead-free soldered product

Package contents

- SpeechExec Pro Transcribe software
- Stereo headphones LFH0334
- USB foot pedal LFH2330
- User manual

Ergonomic foot pedal

Ergonomic foot pedal for hands-free control of all transcription and playback functions. The slim, ergonomic design guarantees operation with minimal physical strain.

Professional headphones

Lightweight, under-the-chin-style stereo headphones designed to deliver excellent sound quality, with soft ear cushions for enhanced wearing comfort.

SpeechExec Pro software

The SpeechExec Pro software organizes the workflow of dictation files and resulting documents between author and transcriptionist and allows you to monitor the status of your work.

Priority setting

With the included priority-setting option, urgent recordings can be prioritized. This guarantees that important dictation files will be identified at a glance and get processed and delivered first.

Individual sort and filter options

SpeechExec Pro Transcribe enables users to search for specific dictation files or filter their dictation list by user-definable criteria. Furthermore, the easy-to-use list-sorting options for single and multiple dictations guarantee a quick overview of dictation files.

Geared for speech recognition

The seamless integration of Philips dictation recording devices and the direct interface to Dragon NaturallySpeaking Professional speech recognition software guarantee superb audio quality, high recognition accuracy, and easy hardware administration.

Seamless integration

The professional transcription set can be seamlessly and easily integrated into existing Philips digital dictation solutions.
